They are all leaders---

Paul Reid	Piano, Vocals
Brian Casserly	Trumpet/Trombone, Vocals
Jim Lawlor	Vocals, Percussion

This trio is made up of 2 Cornet Chop Suey and 1 Midiri Bros. Sextet members. Almost all of us have enjoyed a "PB&J" (peanut butter & jelly).sandwich more than once during our life time. Paul Reid does not have 'sticky" fingers on any key board he plays, while Brian Casserly does know all about the "butter" and jelly used to make the jelly donuts he sings about; and Jim lays down a "smooth" beat to keep it all together. A little bit "nutty", and a lot of "smooth" sounds come from this newly formed group. They were an "accident" formed here in Mammoth. They are fun to watch, and even better to listen to. Try and make 1 of their sets at the 19th annual Mammoth Lakes Jazz Jubilee. You will not be disappointed by this talented trio.
